

White Plains

Station Improvements

Taxi Stand & Shuttle Bus Relocation Effective Wednesday, July 25

The Taxi Stand and Shuttle Buses are relocated within the station parking area as shown.

Directional signage will also be posted in the lot.

Fencing in the current taxi area allows for staging and storage of materials & equipment that support station improvements.

In Fall 2020, the staging area will be transformed with a sidewalk extension and improved access to the station.

**We appreciate your patience
while we undergo these improvements.**
