

# Start a New Career in Tech

Online entry-level IT Help Desk Technician training program with the opportunity to earn the CompTIA A+ certification.

This entry-level IT Help Desk Technician course will prepare you to earn the CompTIA A+ certification. The course provides hands-on instruction, covering the skills required to assemble, refurbish, upgrade, configure and troubleshoot personal computers. The skills you will gain will give you a clear understanding of network, hardware, security, software, server, virtualization, management, as well as troubleshooting mobile devices.

- No prior IT experience needed
- 25-week program plus exam, 140 hour
- Professional coaching to prepare you for the job search and interview, 20 hours
- Cost: \$3,000 (funding may be available for this course)

This program begins October 14, 2020  
Tuesdays, Wednesdays and Thursdays  
6:00 - 8:00 p.m. & various Saturdays,
